

## SELF-PACED TRACK

Learn about new features and broaden your knowledge and skills to become a specialist in cross browser test automation.

### OVERVIEW

This flexible training track is designed to be completely taken as a self-paced learning.

It is especially suitable for individuals and groups who need to fit their Tosca learning around a busy schedule.

Our self-paced learning is comprised of numerous training resources, available when and where you need it. It includes videos, exercise books, case scenarios and much more.

Learn by example with these step by step tutorials that guide you through a project from start to finish.

Master Tosca Testsuite by yourself with these on-demand resources at your fingertips!

### TRAINING

The training course consists of three integrated training modules.

These training modules are different in scope and length and are designed to be taken successively in a specified order to build up your knowledge of HTML cross browser test automation in Tosca Testsuite. In total, there are seventeen lessons for you to complete.

Once these seventeen lessons have been completed\*, you will be a Tricentis Automation Specialist Level 1!

More information on the training modules can be found on page 2 of this data sheet.

*\* Online certification exam has been passed. It is required to take and pass assessments after each lesson and a final exam.*

### SUMMARY

Upon completion of the training modules you will be certified as a Tricentis Automation Specialist Level 1.

What does this mean?

This means that you will be the go-to person, whose expertise will be required for all cross browser test automation issues in your project.

Skills that will be enhanced include control recognition, additional steering options, dealing with asynchronous tests and creation of recovery scenarios.
